## EDUCATION

- Jawaharlal Nehru Technological University Anantapur** Oct. 2022 – Present  
*Bachelor of Technology in Computer Science and Engineering (8.2 CGPA)*  
Ananthapur, India
- Loyola Polytechnic College** June 2019 – Aug. 2022  
*Diploma in Computer Engineering (9.3 CGPA)*  
Pulivendula, India

## TECHNICAL SKILLS

- Languages:** C, C++, Java
- Web Development:** HTML, CSS, JavaScript, Bootstrap, WordPress, REST APIs
- Data Structures and Algorithms:** Arrays, Strings, Linked Lists, Stacks and Queues, and Binary Search, Sortings.
- Academic Coursework:** Operating Systems, Object-Oriented Programming, Computer Networks.
- Frameworks & Tools:** Git, GitHub, VSCode, Postman API
- Database & Data Handling:** DBMS, SQL

## EXPERIENCE

- Front-End Developer Intern** May 2024 – Aug. 2024  
*Slash Mark Ltd* Remote
  - Developed responsive UI components using HTML, CSS, Bootstrap, and JavaScript for the company website.
  - Optimized performance by troubleshooting and resolving technical issues, enhancing functionality, user experience.
  - Integrated feedback form with WhatsApp using JavaScript automation.
  - Collaborated with a team of 4 to revamp website design and improve user experience.

## PROJECTS

- CarCare Hub Services**  Aug. 2024 – Oct. 2024  
*Personal Project*
  - Designed and implemented a responsive web interface using HTML, CSS, and JavaScript, enabling users to seamlessly explore and book car cleaning and home services.
  - Developed modular UI components and structured user flows for service selection and booking, ensuring an intuitive and accessible experience across devices.
  - Optimized the frontend architecture for future integration with backend features such as booking management APIs, user authentication, payment gateway, and admin dashboard.
- QR-Based Gym Trainer**  Apr. 2024 – Jun. 2024  
*Personal Project*
  - Built a web app to help users scan gym equipment QR codes and watch respective exercise videos.
  - Technologies used: HTML, CSS, JavaScript, Bootstrap, JSON.
  - Optimized user experience by ensuring compatibility across mobile devices.
- Food Ordering Website API**  Sept. 2023 – Oct. 2023  
*Intern Project*
  - Integrated food APIs to fetch and display food items, enhancing the ordering process and user engagement.
  - Focused on delivering an optimized user experience with intuitive design and seamless navigation.
  - Tested the web application for functionality, responsiveness, and compatibility to ensure a smooth user experience.

## CERTIFICATIONS

- Front End Development - IBM SkillBuild
- Introduction to C++, OOPS in Java, DBMS – Coding Ninjas
- API Testing with Postman - Postman Platform
- Participation in Solution Challenge – Google

## EVENTS

- DevFest 2k24 - Gen AI for Developers:** Attended a technical session on leveraging generative AI in development.
- PostmanAPI Event:** Participated in a hands-on workshop to learn API development, testing, and integration.
- CYNOSURE 2k24 - SVU:** Participated in technical events and activities while engaging in collaborative and fun-filled experiences.
